REPORT
OF THE
SECRETARY OF OVERSEER OF POOR.

c

REPORT.

TO THE CITY COUNCIL:

Gentlemen : — Although, in the history of our city, the rights and privileges of the Overseers of the Poor have been somewhat abridged, and no annual report relative to their department has been made by them, other than what appears in the usual statement of the Receipts and Expenditures of the City for each financial year, yet we feel it to be our duty to make a report more in detail of the working of that department of which our citizens have placed us in charge, and of the full and just expenses of which they should be fully apprised. And believing that our doing so will meet the approval of your honorable body, we most respectfully submit the following

REPORT.

With the natural increase of our population, there is necessarily a corresponding increase in the care and expense incident to this department. Our former system of keeping the accounts was changed January 1, 1869, after careful and mature consideration, and a method, more perfect in its working, and more suitable for the enlarged and varied expenditures which we are called upon to make, was adopted in its stead. By this new system, every disbursement is receipted for, a duplicate of the

same retained in the office of the Secretary, an account opened with every person upon whom an order is drawn, the city debited for the amount, and again the city, town, or individual liable therefor, charged with the same. The adoption of this new system, so minute in all its particulars, has, as may naturally be supposed, largely increased the duties of the Secretary, yet, at the same time, a great satisfaction is experienced in knowing, beyond a doubt, of its clear and perfect working.

The amounts due from other towns and cities for disbursements made to persons resident in this City, whose support is chargeable upon such towns and cities, were formerly paid to the Secretary, and in turn were paid out by him to towns, cities and individuals having claims upon the Department, for support of persons chargeable to the city; the deficiency, if any existed, being charged to the regular appropriation. With exception of such deficiency, the account of these receipts and payments were kept separate and distinct from the expenditures of the appropriation annually granted to this department by the City Council, and did not appear in the yearly statement of its receipts and expenses. Under the new system of accounts now adopted, all moneys received by this Department, from whatever sources, are at once paid into the hands of the City Treasurer, and by him all disbursements in behalf of the Department are made. This radical change of system will therefore and necessarily show an *apparent*, though not a *real*, increase in the expenses of the Department.

The whole number of families relieved by the Board, during the year, was 323, of which 85 were families of soldiers of the late war. 1304 orders for groceries, provisions, fuel or clothing, have been issued, amounting to \$3,921.88, and 288 orders have been drawn on the City Treasurer, for the relief of such persons as the Board deemed proper to receive cash, amounting in all to \$1,294.50. The Board has also expended, during the year, for

medicine and medical attendance, the sum of \$1,179.62. The aggregate of these three sums shows \$6,396.00 as the total amount expended for the relief of families in this city, outside of the almshouse.

The relief furnished to families and individuals out of the city has become quite an important feature of the expense of the Department, particularly that for the support of insane persons; which, for the past year, was, for those at the Worcester Hospital, \$1,267.40, and to the Commonwealth, for support of insane persons and convicts at the State Workhouse, \$1,036.23. We have had during the year one family in each of the towns of Lynn, Medford, Cambridge, Wakefield, Somerville, five in Boston, and one person in the Mass. General Hospital. The total amount paid for the relief of persons out of the city was \$2,982.81, and for persons outside of the Almshouse, \$9,378.81, which of course includes the preceding sum.

An inquiry might properly be made for the reason of this large outside expenditure, when we have, at great expense, built and are maintaining an Almshouse, where the persons and families relieved can go and be supported at less expense to the city. Our reply would be, that the city might reduce its pecuniary outlay by such a course. But in return we should ask: "what shall we do with the indigent families of 85 soldiers, to whom a part of this relief is afforded, and to whom a solemn pledge was given, that if they would go and defend our homes and property, their families should be provided for in time of need?" Certainly no offence has been committed for which they should be thus dealt with, and we believe it much better to pursue a course as far as possible to prevent pauperism, rather than to increase it, and very few ought to be deprived of their liberty by sending them to an Almshouse.

The medical department appears to us as claiming the attention of the City Council, and we hope that, at an early day, they

will establish the office of City Physician, and appoint a suitable person to discharge the duty we owe to our unfortunate poor when sick. We are confirmed in our opinion on this point from the fact that in the year 1865 the Overseers paid for medical relief, out of their appropriation, \$136.78; in 1866, \$197.09; in 1867, \$229.97; in 1868, \$650.39; and in 1869, \$1,179.62. We think a large per cent. of the above might be saved to the city by the establishment of said office. Being zealous to act in a prudent and judicious manner, in the discharge of the difficult and delicate duties we are called upon to perform, we believe our course has been such as meets the approval of our citizens generally.

Being aware of the many impositions practised upon our charitable institutions and citizens, we have met such imposition and dealt with it in a manner due to the offence, but in no case has the worthy applicant been sent from the office when justice to those we represent would allow us to grant the desired assistance.

When we reflect that many mechanics and laborers are attracted to our city in the hope of finding employment; that in many cases they find themselves disappointed in their object, and that applications have been made by such for fuel to make the first fire in their newly acquired tenements; we believe that our expenditures will not be regarded as excessive, but as comparing very favorably with those of any other city in the Commonwealth.

Cash on hand, March 1, 1869,	\$238 73

	\$12,182 86

By the above exhibit, it will be seen that our *gross* expenses have been \$17,166.36, while the actual *net* expense has been but \$12,182.86.

Good health has generally prevailed at our Almshouse, and with our excellent Superintendent and Matron, the inmates have enjoyed the quiet of home. Many expressions of gratitude have been made for the comforts, and liberal provision made by the city for their enjoyment. Our average number in the house the past year has been forty-one — less than thirty of whom are a legal charge to this city. The buildings are in good condition, and, aside from a coat of whitewash or paint, will not require any considerable amount of repairs for many years. We may be allowed, however, to hope that the wisdom of our City Council will, as a matter of safety and economy, introduce steam for heating purposes.

Of the three hundred and twenty-three families relieved in this city, thirty-six of the cities and towns in the State are represented by one or more families residing with us, the whole number of such families being one hundred and eleven. And it gives us pleasure to bear testimony to the cordial manner in which we have been met by the Overseers of Poor of such

cities and towns, as also for the prompt payment of their bills, on account of 1869, for such assistance as we have furnished their poor. We regret that those under whose authority we act have not paid in a like prompt manner for relief we have rendered to State paupers, fifty-four families of which have been assisted by this city, and by Statutes of 1865, Chap. 162, we are entitled to reimbursement from the State for aid furnished, for an amount not exceeding six dollars per week. Forty-eight families are aliens, for whose relief the city can claim no return, save the blessing of those that consider the poor. One hundred and ten families are a legal charge to this city, or about one third of the total number relieved. We have buried twenty-nine persons, of whom only six were a charge to this city; twenty persons have been sent to the State Almshouse, one to his native State, and one to the workhouse at Bridgewater. We have thus briefly passed over the operations of the Board for the year, by which it will be observed that nearly two thirds of our work in the city has been for other than our own poor, and a corresponding proportion of the expense has been the result. But as the city receives back a considerable amount, we think no occasion exists for complaint.

Respectfully submitted,

DAVID B. WESTON,

Secretary and Agent Board of Overseers of Poor.

In Board of Mayor and Aldermen, April 4, 1870.

Report accepted, and Ordered, that the same be printed with the Annual Statement of the City Treasurer, — the expense to be charged to Appropriation for Contingencies.

Sent down for concurrence.

DANIEL WILLIAMS, CITY CLERK.

In Common Council, April 5, 1870.

Concurred,

JOHN T. PRIEST, CLERK.

CHIEF ENGINEER'S REPORT.

ENGINEER'S OFFICE, March 1, 1870.

TO HIS HONOR THE MAYOR, AND CITY COUNCIL:—

Gentlemen,—Section 6th of the Rules and Regulations of the Fire Department, requires the Chief Engineer, annually, in the month of March, to make a detailed report of the condition of the several companies in the Department, with the age, occupation and residence of members; also of the houses and apparatus; also the cost of maintaining the same; also all losses and accidents that may occur within the city by fire; also the number and description of the buildings and other property destroyed or injured, the amount of insurance thereon, and names of the owners as near as can be ascertained; also the number of reservoirs and hydrants where water can be obtained. And in conformity to this section, I respectfully make the following report:—

FORCE AND CONDITION OF THE DEPARTMENT.

The force of the Department is as follows: A Chief Engineer and four Assistants, four hose companies of twenty men each, one steam engine and hose company of twenty-three men (including the engineer, fireman and driver, who are permanent men), one hook-and-ladder company of thirty men,—in all one hundred and thirty-eight men. The companies have been in good condition the past year, and have had in their charge five four-wheeled hose carriages, two steam fire engines, and one hook-and-ladder truck.

The companies have all been prompt and efficient, and have merited the approbation and confidence of the citizens generally, which has been cheerfully given; and I think that in no year o the Charlestown Fire Department has there been so little cause of complaint with the firemen from any cause whatever. And in this connection I would say, I hope the City Council will be liberal and just with the Department in all their reasonable requests, and in return, that the Department will continue so to conduct themselves as to merit the respect of the City Council and of the citizens generally.

HOUSES.

The houses of the several companies are in good condition with the exception of those of Hose Companies Nos. 2 and 4. The former is in very bad condition, and a disgrace to the city. Last year it was condemned by the Committee on City Property as not worth repairing, and at the present time it is much worse than ever before. It leaks badly, and the company can hardly preserve their furniture and other property from destruction. The wood-work in the carriage-room is badly rotted. I would respectfully call your immediate attention to the need of a new house for this company.

The house of No. 4 is in bad condition, and should be immediately attended to. The bell tower should be taken off and the roof made tight; then the building would be in fair condition, after some repairs inside. The matter will probably come before the Engineers at their annual inspection.

APPARATUS.

Within the past year we have had our usual complement of fires and alarms, but I think that the cost of running the apparatus has been much less than any former year. At the present time the several carriages are in very good condition, with

the exception of the steamer's carriage. This needs some extensive repairs, and will at the proper time receive the attention of the Board of Engineers.

In my last report I called the attention of the City Council to the need of a new hook-and-ladder truck, to be stationed at the upper part of the city. Although my suggestions were backed up by a large petition of property-holders, yet the City Council deemed it inexpedient to put another company into service last year, as they were expending so much for the Fire Alarm; but with the continual growing of our city, the Board of Engineers would still call your attention to the need of another truck and company. In connection with building a Ward Room for Ward Three, a company can be accommodated with the same, with a little additional expense to the city.

HOSE.

There is in service in the Department sixty-two hundred feet of leather hose, and twenty-one hundred feet of Boyd's patent hose.

Of the leather, twenty-five hundred feet is in good condition, and thirty-seven hundred in ordinary; the latter is getting old and not reliable. I would recommend the purchase of one thousand feet of Boyd's hose, at once; this will make a complement for three hose companies to run. At the present time, Hose Company No. 3, and the Steamer Hose Company, are running Boyd's hose with the Springfield coupling. This hose is all in good condition; and I think that they would not be willing to exchange for leather. It is not so liable to freeze in cold weather, and is not so expensive to keep in order, as no oil is used, and it only needs washing and proper drying. The Springfield coupling is liked as well, or better, as when put into service. It has always been reliable.

FIRE ALARM.

Last year the City Council passed an order to put into service the American Fire Alarm Telegraph, and the Committee on Fire Department contracted with Messrs. Gamewell & Co., of New York, to put it in operation. It is at the present time attached to the St. Francis De Sales Church bell, the St. John's Church bell, to a new bell put upon the Winthrop School-house, and now to the bell formerly on the Steamer's house, on Lockwood Brothers' building, at the Neck. There are eighteen boxes or stations in different parts of the city where the alarm can be given from. A list of boxes and places where keys are kept accompanies this report. So far, with a few exceptions, for which no fault can be found with the contractors, it has worked satisfactorily; and any one that takes the trouble to ascertain for himself, can but notice the difference in time that is made by the department in arriving at fires; and, of course, the prompt arrival of the department has been the means of making the *losses* much less than they would have been without a prompt alarm. The Board of Engineers have petitioned to the City Council for two bells, one to be placed on the City Hall, and one on the Warren School-house. The petition has been granted, and contracts made for the bells, and for towers for the same. They think that when these bells are completed and placed in position, the citizens will be pleased with the telegraph, and satisfied that it is a great advantage for the Fire Department, and a great saving in losses by fire. At any rate, in no place where it has been introduced would the people part with it. The cost of the first contract was about \$10,000, and an appropriation of \$5,300 has been made to cover the cost of the new bells and towers. The cost of the bell and tower on the City Hall is quite a large proportion of the last-named sum, but it was thought advisable by the

Committee on Public Property to make additions to the tower on City Hall, in order to make the Hall look better, — or rather the top of the building. So the cost of this tower cannot be charged as actual cost of the telegraph. It is hoped by the Board of Engineers that this will be all that is necessary in the construction of the telegraph, although the citizens of Ward Three are very anxious to have a bell put upon the Bunker Hill School-house. If this is carried out, it will be necessary to add to the cost of it. I think that the Board of Engineers in making their next Annual Report, will be able to make a satisfactory one in regard to the Fire Alarm Telegraph.

ACCIDENTS.

There have been no fatal accidents the past year, although there have been quite a number of narrow escapes. At an alarm of fire on the evening of July 1st, Mr. George M. Barnard, a member of the Howard S. F. E. Co., was injured by a ladder, but not seriously. He was taken in charge by the Charitable Association of the Fire Department.

On the night of August 16th, at the fire on Dorrence street, Mr. Charles Kimball, of the Bunker Hill Hose Co., was badly injured in the leg, by falling, while in the discharge of his duty as a hoseman. He was for some time under the care of the Charitable Association.

At the fire on the afternoon of the 23d of February, the boiler of the Howard Engine collapsed, and the engine was upset and badly damaged. By this accident the engineer of the steamer, Mr. Albert C. Smith, was injured, and the fireman, Isaac W. Brackett, was seriously injured, having his leg badly broken, his back badly burned, and his whole system shattered. He is at present getting along comfortably, and we have every hope for his final recovery. A boy by the name of J. McGurk was badly burnt and had his head cut open; also a

boy by the name of Charles Prescott was somewhat injured in the face and around the head. Some others were slightly hurt, and it was very providential that no more were injured, for if the engine had blown up while working with a heavy head of steam, much more sad must have been the results. The engine was very badly injured; so much so that the Board of Engineers recommend the sale of her, and that a new second-class double engine be purchased in her stead. A special report of the accident was made by the Committee on Fire Department by the direction of the City Council.

The Charitable Association is now in the third year of its organization, and has been the means of helping worthy and needy men who have been injured in performing their duty as firemen and citizens, and as its funds are now being drawn upon, it should receive the early attention of those of our citizens that are always ready to help the unfortunate and worthy.

FINANCES.

The amount expended for the Fire Department, for years 1868 and '9, was nine thousand two hundred ninety-five dollars and thirty-three cents; and the amount appropriated and received by the sale of old material, etc., was nine thousand five hundred and fifty-six dollars and twenty-one cents, leaving a balance in favor of the Department of two hundred and sixty-one dollars and eighty-eight cents. This is a gratifying result to the Board of Engineers, as I have no doubt it is to the citizens generally. The amount of duty has been more than the preceding year, but the cost of the Department has been less; and if we add the cost of the Fire Alarm to the running expenses of the Department, we cannot make the cost of our Department so much as that of many cities in the State and elsewhere. At the beginning of the year 1869, the deficiency against the Department was two thousand and eighty dollars and

seventy-one cents, from which we deduct the sum of one thousand dollars (appropriation made by the last City Council, for deficiency), and to that add two hundred and sixty-one dollars and eighty-eight cents (balance of this year's appropriation), making the deficiency against the Fire Department, March 1, 1870, only eight hundred and eighteen dollars and eighty-three cents, against two thousand and eighty dollars and seventy-one cents on March 1, 1869. For the three years ending March 1, 1870, the deficiency against the Department is only eighty-four dollars and fifteen cents.

FIRES AND ALARMS.

The number of fires and alarms has been increased over those of 1868 and '9, but the actual loss has not been in proportion to the number of fires. The whole number of fires and alarms has been eighty; an increase of nineteen over 1868. The whole or part of the Department has been in service thirty-three times, and by the balance of alarms the Department was called out twenty-two times needlessly, fifteen times by slight fires, and ten times by fires out of the city.

Of the actual fires, twenty-two are attributed to incendiaries, and eleven to accidents. Assistance has been rendered once at Somerville, and once at Cambridge. The whole amount of loss was \$66,455; whole amount of insurance, \$52,565; leaving a loss of \$13,880 above the insurance. I think that the amount of loss, considering the number of fires, will compare favorably with any other city in the State; and that the result comes from the promptness and efficiency of the Fire Department, no one will undertake to deny. And the services of the Department are appreciated by the citizens generally.

RESERVOIRS AND HYDRANTS.

There are forty reservoirs, one hundred and twelve Lowry hydrants and thirty-six Flush hydrants, where water can be obtained in case of fire. Their location accompany this report.

SPARE LADDERS AND APPARATUS.

There are ladders placed on the several school-houses and on the City Hall, in good order, in case of fire.

There is at the Poor Farm one two-wheeled jumper with three hundred and fifty feet of servicable hose, in case of fire on the premises. There is also one two-wheeled jumper, when not in service, stored at the City building on Winthrop Street. Also, five hose sleighs for winter service, in good order.

CONCLUSION.

Before closing my report, I wish to thank his Honor the Mayor, and the City Council, for their kind support the past year. To the Committee on Fire Department, especially, I would tender my thanks for their valuable advice and assistance on many occasions; and their frequent presence at the meetings of the Board of Engineers has been the means of promoting a good feeling between the Fire Department and the City Council, thereby greatly promoting the efficiency of the Department.

To the officers and members of the Department: I cannot let this opportunity pass without again presenting them my thanks for their gentlemanly and good behavior, and prompt obedience to orders of the Board; and I hope the good feelings between the several companies will still continue.

To the officers and members of the Police force, for their prompt and valuable assistance at all times, I would return my sincere thanks.

To the members of the Board of Engineers associated with me I can only say, that their kind attentions and hearty support is appreciated by me, and whatever success I have met with the three past years is mainly due to their valuable and energetic efforts, and the prompt responses to every order by the several companies of the Fire Department.

And in taking leave of you and the Department, I can only say, if you all meet with the same kindness that I have, your success is insured.

All of which is respectfully submitted.

GEORGE E. ROGERS,

Chief Engineer.

COMMITTEE ON FIRE DEPARTMENT

For the Year 1870.

Alderman SAMUEL R. BRINTNALL, *Chairman.*

PERMANENT MEN.

Albert C. Smith, *Engineer*, I. W. Brackett, *Fireman*,
Daniel K. Wheelock, *Driver*.

List of Property belonging to City in charge of Company.

1 first class steam fire engine, complete, built by the Amoskeag Manufacturing Company, in good order; 1 third class steam fire engine, built by Wm. Jeffers; 1 four wheeled hose carriage, in good condition, A. J. Jones, Cambridge, Mass.; 1 wagon, 1 hose sleigh complete, 1 pair of horses, 1 set of harness complete, 2 horse blankets, 1 grain chest, 1 curry comb and card, 2 horse and dust brushes, 2 pitchforks, 2 halters,

2 buckets, 1 broom, 1 stall-ccraper, &c., in stable; 2 hose pipes, 5 wrenches, 6 spanners, 1 hose rope, 5 connecting couplings, 5 oil cans, 1 work bench, 1 vise, 1 carriage jack, 3 bedsteads, 3 hair mattresses, 3 husk mattresses, 3 pillows and cases, 6 blankets, 9 sheets, 2 towels, wash bowls and stands, 3 coverlets, carpet in sleeping room, 1 table, 3 settees, 20 chairs, 11 spittoons, 1 clock, 1 looking glass, 20 fronts for fire hats, 1 double fall and tackle, 2 lanterns, 2 coal boxes for wagon, 1 closet, 1 feather duster, 1 broom.

FIRES AND ALARMS,

From Jan. 1, 1869, to Jan. 1, 1870.

JANUARY.

1st. 3, A. M. Needless alarm from Hose 3's bell, caused by a light in Klous's store, Main street.

4th. Shortly before 10 o'clock, P. M., fire was discovered in the engine-room of Sewall's morocco factory, Canal street. Damage slight. While the Department was at this fire, another was discovered in the large factory of the same firm in the rear of the first building. The structure was old and saturated with oil and quickly burned. It was a large building and full of stock. Loss on building, \$2,000; on stock, \$16,000; fully insured. Cause, incendiary.

12th. 10, P. M. General alarm from Ellis's bell. Slight fire in the stable of S. C. Currier, on Miller street. Cause, incendiary.

25th. 4.30, P. M. General alarm from Hose 1's bell. Fire in the stable of S. C. Currier on Miller street, the roof of which was destroyed. Loss on building, \$350; on hay and grain, \$125. Cause, incendiary.

29th. 9.15, A. M. Needless alarm from setting tires in blacksmith shop on Bunker Hill street.

30th. 11, P. M. False alarm. Martin Turnbull, of the steamer company, was run over by the Franklin hose carriage, and badly injured.

FEBRUARY.

7th. 7.50, P. M. Fire discovered in the morocco factory of George S. Hall, rear of 432 Main street. The Department was quickly on hand, and saved the building. Loss on building, \$214; on stock, \$300. Fully insured. Cause, incendiary.

15th. Alarm from Hose 2's bell. Fire discovered in the store-house of Stickney & Poor, rear of Cambridge street. Roof badly damaged. Loss on building, \$600, insured for \$500; loss on stock, \$2,400, insured for \$1,000. Cause, incendiary.

18th. 10.40, P. M. General alarm from Hose 3's bell. Slight fire in house on Water street, owned by Mrs. Murphy, and occupied by J. Mullen. Caused by a defective funnel. Loss, \$25.

25th. 2.50, P. M. General alarm from Hose 1's bell. Slight fire in the morocco factory in Hamilton court, occupied by Mr. McGinnis, and owned by Samuel C. Chase. Loss on stock, \$320, insured; on building, slight. Cause, accidental.

26th. 6.50, P. M. Still alarm, occasioned by assistance being sent for at a fire on the premises of the Mass. Brick Company, on Medford Turnpike, Somerville. Bunker Hill Hose Company and Howard Steamer and Hose Company sent out.

MARCH.

1st. 2.15, P. M. Alarm from Hose 3's bell. Slight fire in house owned by Paul Willard, and occupied by Morris Heady, on Call street court.

8th. 4, P. M. General alarm from Ellis's bell, caused by a large fire in East Cambridge. Assistance being sent for, Mystic Engine and Steamer Hose, and Hose Companies 1, 2, and 4, sent over and were in service eight hours. Charlestown water used from hydrant, 23 hours, for the use of Cambridge steamers.

13th. 12.30, P. M. Alarm from Hose 4's bell. Slight fire in engine room of Holmes's manufactory, Medford street.

16th. 4.40, P. M. Alarm from Hose 3's bell, caused by a burning chimney on Henley street.

18th. 3.40 A. M. General alarm from Hose 2's bell. Fire discovered in the planing mill on Medford street, owned and occupied by Hayward & Tilton as a steam planing mill, and also occupied by Wemyss Bros. Building badly damaged, it being very combustible and full of stock. Hayward & Tilton's loss on building and stock, \$5,000; insured for \$3,900. Wemyss Bros., \$3,000; insured for \$2,000. Cause unknown.

25th. 1.45, A. M. Fire discovered in rear of Third Ward Saloon, on Main street, owned by Otis Clapp and occupied by I. W. McDonald. Loss on building, \$50; no insurance. McDonald's loss, \$25 — insured; cause, accidental.

APRIL.

5th. 1, A. M. Fire broke out in S. W. Fuller & Co.'s store-house for lumber, on Greenleaf's wharf, at the Neck. Building damaged to the amount of \$500; stock, \$2,875; fully insured; incendiary. At the same time, fire was set in the stable of the firm opposite. No loss.

11th. 7.30, P. M. Alarm from Hose 2's bell. Fire discovered in house on Grant's court, rear of North Mead street, owned by Mrs. Dolan; unoccupied. Loss, \$5.

14th. 12.30, A. M. General alarm from Hose 1's bell. Fire broke out in the stable owned by the Walker heirs, and occupied by Whitcomb & Fitch as a milk stable. Roof badly damaged. Loss on building, \$300; insured. Mr. Whitcomb's loss, \$150; Mr. Fitch's loss, \$125; no insurance. Supposed incendiary.

20th. 7.45, P. M. False alarm, caused by the ringing of church bells.

22d. 8.30, A. M. Alarm from Hose 2's bell. Fire discovered in the stable of A. H. Allen, at the foot of Allen street, occupied by Mr. Allen and Mr. Stevens as a milk stable. The fire crossed the street and communicated to a block of seven houses owned by A. H. Allen, of which five were badly damaged; also communicated to the houses of John Riley and Mr. Burns, and somewhat damaged the roof. Several persons had narrow escapes from death. The houses were sham-built, there being no partitions in the attics of any of them, and as the wind was blowing very strong at the time, the fire spread through them with great rapidity. The successful efforts of the Department saved them from entire destruction. The houses were occupied by the following persons: No. 8, Mr. J. Burns; No. 10, Mr. Riley; No. 12, Mr. Tormery; No. 14, Mr. Follett; No. 16 Mrs. Devere; No. 18, Mr. Crosby; No. 20, Mr. Gordon; No. 22, Mr. Thompson. A. H. Allen's whole loss, \$5,000; insured for \$6,000. All others, \$2,000. Cause, incendiary.

22d. 9, P. M. General alarm from Hose 3's bell. Fire discovered in the milk stable of N. Locke, on Sixth street, occupied by him and W. S. Stearns. Loss, \$25; insured; incendiary.

25th. 10.55, P. M. Alarm from Hose 2's bell. Fire broke out in the milk stable of Lyman Brown, on Charles street court, occupied by himself and J. P. Sawin. Roof badly damaged, Mr. Brown's loss on building, \$400; stock, \$75; insured. Mr. Sawin's loss, \$50; no insurance. Cause, incendiary.

27th. 8.20, P. M. False alarm.

MAY.

6th. 3.50, P. M. Alarm from the burning of tar at glass works on Medford street.

8th. 10.30, P. M. Needless alarm from Chevalier's stable, on Miller street.

11th. 5.45, P. M. Partial alarm from Oakman & Eldridge's wharf. Extinguished by Navy Yard Hose Co. Loss, \$25.

13th. 7.30, P. M. False alarm.

16th. 7, P. M. False alarm from ringing of church bells.

17th. 8.30, P. M. Fire in the window of Bailey Brothers, Main street. Extinguished without an alarm, by Officer Brower. Loss, \$50; insured.

20th. 11.45, P. M. General alarm from fire in East Somerville, on the Burroughs estate. Whole Department present and in service.

22d. 11, A. M. Alarm from Hose 3's bell. Slight fire in rear of Warren street, in a building owned by A. Palmer, and occupied by Remstam & Co. Whole loss, \$100, insured. Accidental.

25th. 9, P. M. False alarm.

26th. 7.45, P. M. False alarm.

30th. 1.15, A. M. Partial alarm from ringing of Cambridge bells.

JUNE.

7th. 7.10 A. M. Alarm from Hose 1's bell. Slight fire in house No. 76 Russell street, owned by Mr. Cummaford, and occupied by Messrs. Howlett & Colby. Loss, about \$25, insured. Cause, spontaneous.

9th. 3.55, P. M. Slight fire in the store-house of Franklin Hopkins, Medford street.

14th. Partial alarm from Hose 2's bell.

15th. 1.45, P. M. False alarm.

JULY.

1st. 9, P. M. Fire discovered in the house owned by Mr. Haley, on Vine street, and occupied by Mrs. Pendergast. Loss,

\$2,500. Geo. M. Barnard, of the Steamer Co., was injured by a ladder.

3d. 1.45, A. M. Alarm from Somerville.

5th. 12.5, P. M. False alarm.

8th. 9.30, A. M. Fire discovered on roof of house in the rear of No. 11 Austin street. Put out by the police; no alarm.

9th. 9.40, P. M. False alarm from ringing of chime bells.

30th. 5.30, P. M. Alarm from burning chimney, Wapping street.

AUGUST.

16th. 3.50, A. M. General alarm from Hose 4's bell, caused by a slight fire in the house of H. Smith, 35 Everett street, occupied by Mr. Frost.

16th. 9.20, P. M. General alarm from Hose 2's bell. Fire broke out in a large frame building on Dorrence street, owned and occupied by F. L. Sewall as a morocco factory. The building and stock being of very combustible material, the upper stories were nearly destroyed; the lower story was saved with its contents slightly damaged by heat and water. Mr. Sewall's loss on building and stock, \$15,000; insured for \$9,800. Part of the building was occupied by Malone & Butler, and Marsh, Bros. Malone & Butler's loss, \$750; insured. Marsh Bros. \$400; insured.

18th. 9.15, P. M. Partial alarm from Cambridge.

19th. 7, P. M. " " " "

28th. 8.30, P. M. Alarm from Hose 2's bell. Slight fire among some old sleepers on Boston & Maine railroad.

28th. 9.25, P. M. General alarm from Ellis's bell. Slight fire in house rear of No. 11 Austin street, owned by Mr. Martin and occupied by Mr. Winter and Mr. Bliss. Loss, \$10; cause sparks from chimney.

SEPTEMBER.

16th. 5.30, A. M. General alarm from the Catholic bell. Slight fire in the cabinet factory of Mr. Brown, Medford street.

17th. 5.20. Alarm from Hose 4's bell. Slight fire in shed in rear of 23 Everett street.

19th. 10.15, P. M. General alarm from Hose 2's bell. Fire discovered in building rear of 540 Main street, owned by H. Daley and occupied by Mark Leighton on lower floor as carpenter's shop, and the second floor by Mr. Clark, as a paint shop. Loss, \$300; insured. Cause, incendiary.

22d. 9, P. M. Partial alarm, caused by fire in Cambridge.

24th. 5.30, P. M. Alarm from chimney on Wapping street.

OCTOBER.

1st. 4.20, P. M. Needless alarm from boiling over of kettle of tar, on Prospect street.

10th. 1, A. M. General alarm from Hose 2's bell. Fire discovered in the stable of N. Tufts, on Tufts' wharf, at the Neck, occupied by N. Tufts and Chas. Barry. Building badly damaged, and one horse belonging to Mr. Tufts burnt to death. N. Tufts' loss on building, \$600; on harnesses and grain, \$500. Barry's loss slight. Cause, accidental.

10th. 2, A. M. General alarm from Hose 1's bell. Fire broke out in the L part of the house of Mrs. Walker, on West Walker street. Loss, \$50; no insurance.

18th. 5.30, P. M. Alarm from chimney on Henley street.

30th. 7.25, P. M. Partial alarm from Hose 2's bell, caused by smoke settling on a shed on Barry's wharf.

NOVEMBER.

1st. 12.30, A. M. Fire discovered in the coal shed of Stickney & Poor, in the rear of Cambridge street. Hose Co.

No. 2 was notified, and quickly responded with two streams, and after four hours' work succeeded in extinguishing the fire. Damages about \$100; insured. No alarm.

5th. 6.45, P. M. Partial alarm from fire in Somerville.

12th. Telegraph fire alarm went into service this day at twelve o'clock.

17th. 5.45, P. M. Partial alarm from box 16.

18th. 1.35, A. M. Alarm from box 7. Fire discovered in the large milk stable on Essex street, owned and occupied by W. F. Wellington, and also occupied by J. B. Clapp, Wm. H. McCauslen and others. The upper part was a total loss, amounting to \$11.65; insured. Incendiary.

18th. 6 P. M. Alarm from box 24. Occasioned by a fire built in a house, corner of Corey and Medford streets, for the purpose of drying plastering.

DECEMBER.

1st. 11.30, P. M. Alarm from box 25. Fire discovered in the stable of Kidder & Smith, on Polk street, occupied by them and John Robinson. Extinguished, with a loss of \$25. Accidental.

6th. Alarm from box 16. Fire discovered in the Winthrop church on Green street. The Department quickly responded and succeeded in preventing the fire from spreading through the building. Loss on building and furniture, \$820; insured. The fire was set in the body of the church, under the singing seats.

13th. 5.50, P. M. Alarm from box 12. Fire in the currier shop of George Lane, rear of 296 Main street. The Department was quickly on hand and saved the building. Loss on building and stock, \$250; insured. Cause not ascertained.

13th. 11.20, P. M. Alarm from box 7. Fire discovered in the large morocco factory of C. C. Perkins, rear of Main street. Owing to the combustible material of the building and

stock, it was found impossible to save the main building, and the efforts of the Department were directed to the buildings in the immediate vicinity, composed of stables, dwellings, etc., which were all saved with slight damage. This fire has again proved to the citizens of Charlestown the value of the Mystic Water Works. Without them a serious conflagration could not have been prevented by the fire. Mr. Perkins' loss was \$18,000; insured for \$13,000. A stable belonging to Mrs. Shedd was damaged to the amount of \$140; insured. The stable of James Whooley was damaged to the extent of \$150; insured. Cause unknown.

15th. 2, P. M. Partial alarm from box 4, occasioned by some boys finding the box open.

23d. 10.15, P. M. Alarm from box 5. Fire discovered in the basement of the old Bunker Hill School-house, on Bunker Hill street. The fire was confined to the basement and was extinguished, with a loss of \$500. No insurance. Cause, incendiary.

24th. 1.45, A. M. Alarm from box 5. Fire broke out in the building, 530 Main street, owned and occupied by Page & Littlefield, stair-builders. Although the Department was quickly on hand, the fire had made great headway, but they succeeded in saving the building in a damaged condition. Loss on building, \$1,163; insured. On stock, \$4,400; insured for \$2,550. The building adjoining, owned by H. Daley, was slightly scorched.

25th. 11.25, P. M. Alarm from box 21. Fire discovered in the stable of Jotham Barry & Co., on Warren avenue. The upper part was badly damaged. The fire extended the entire length of the long coal-shed, but it was saved, with slight damage to the roof. Loss on stable, shed, and coal, \$1,800; fully insured.

APPENDIX.

JANUARY.

2d. 12.40, P.M. Alarm from Box 5, caused by the boiling over of a kettle of fat in house corner of Allen and Main streets.

14th. 7.10, P.M. Alarm from Box 24, from chimney on Corey street.

9.50, P.M. Alarm from Box 21. Fire discovered in the junk shop of Mr. Buckingham, corner of Water and Chamber streets; building slightly damaged. Loss on building and stock \$340; insured. Cause, accidental.

15th. 7.15, A.M. Alarm from Box 21, caused by the rekindling of fire amongst old rags in Mr. Buckingham's shop. Extinguished without damage.

17th. Alarm from Box 6. Needless alarm from the drying of plastering in block of houses corner of Haverhill and Main streets.

24th. Alarm from Box 7, caused by woman frying meat at the corner of Thorndike and Main streets.

27th. 6.40, A.M. Alarm from Box 21. Fire discovered in the hair-dressing shop of Mrs. Andrews, under the Waverley House. It was quickly extinguished with a loss to the proprietor of \$945; fully insured. Cause, spontaneous combustion.

28th. 1, P.M. Alarm from Box 7. Fire discovered in the stable of E. K. Whiton, on Mead street. Loss, \$25; insured. Cause, incendiary.

29th. 11.10, P. M. Alarm from Box 21. Fire broke out in the shoe-store of T. McElwain, City square. It was quickly extinguished. Mr. McElwain's loss on stock, \$1,750; insured. Wm. DeCosta, lessee of building, loss \$305. Cause unknown.

31st. 3.30, P.M. Alarm from Box 3. Fire broke out

in the stable of Mason & Littlefield, on Medford street. Roof badly damaged, and about twelve tons of hay destroyed. Loss, \$550; fully insured.

FEBRUARY.

9th. 2.30, A.M. Alarm from Box 31, caused by a fire discovered in the cabinet factory of Mr. Brown, on Medford street. Put out with buckets. No loss; supposed incendiary.

9th. 1.10, P.M. Alarm from Box 14. Slight fire in tenement house on Front street, owned by Michael Reagan. Loss, \$25. Cause, defective flue.

15th. 6.05, P.M. Alarm from Box 6. Needless alarm, caused by drying plastering in block of houses corner of Haverhill and Main streets.

17th. 4, P.M. Alarm from Box 32 and 7. Fire in the barn of Smith & Co., rear of Walker street. Loss, \$20; insured. Cause, incendiary.

21st. 9.55, P.M. Alarm from Box 13. Fire discovered in a small stable on Austin street, owned and occupied by Wm. H. Harris. Loss, \$25. Cause, incendiary.

24th. 3.30, A.M. Alarm from Box 6. Fire broke out in the stable of John Gardner, rear of Alford street, occupied by Mr. Stimpson. Slightly damaged. Loss, \$25. Insured; incendiary.

25th. 2, P.M. Alarm from Box 6. Fire broke out in the Old Soap Factory, in the rear of Kent's Brewery, owned by James Lee, jr. It was unoccupied. The wind blowing very hard at the time, the building was well on fire when the Department arrived and was mostly consumed. Loss, \$5,000; fully insured. The Steamer Howard exploded her boiler at this fire from some unknown cause, severely injuring Mr. I. W. Brackett, the fireman. His leg was badly broken, and he sustained other injuries. Mr. Albert C. Smith, the engineer, was somewhat injured, his collar bone being thrown out of joint. The fire was caused by an incendiary.

26th. 2, A.M. Alarm from Box 5. Fire discovered in the Grocery store of C. A. Baker, 589 Main street. It was quickly extinguished by the Department. Loss on stock, \$600; insured. Loss on building, \$200; insured.

No. 34—21 Medford street. Key at Edmand's Pottery.
No. 41—Steamer House, Elm street.
No. 42—Navy Yard.

Positively no second alarm to be given unless by order of an engineer.

INSTRUCTIONS TO KEY HOLDERS.

1. On the breaking out of a fire, notice should be immediately communicated to the nearest Alarm Box, Keys of which are always in the hands of the Police, and responsible persons in the vicinity of the Boxes.

2. Keyholders, upon the discovery or positive information of a fire, will unlock the box, pull down the slide or hook once, and let go. This gives the desired alarm all over the city, repeating itself four times.

3. All persons giving fire alarms are requested to remain by the box a moment, and if no clicking is heard in the box, pull again; if you still hear no clicking, go to the next nearest box and give the alarm from that.

4. Never signal for a fire seen at a distance. Never touch the hook except to give an alarm of fire. Be sure the box is locked before leaving it. Give an alarm for no cause other than an actual fire. Do not give an alarm for a chimney.

5. Owners and occupants of buildings are requested to inform themselves of the locations of the Signal Boxes near their property: also the places where the Keys are kept. Be sure the alarm is properly given. One single stroke of the Bells and Gongs is not given for an alarm of fire.

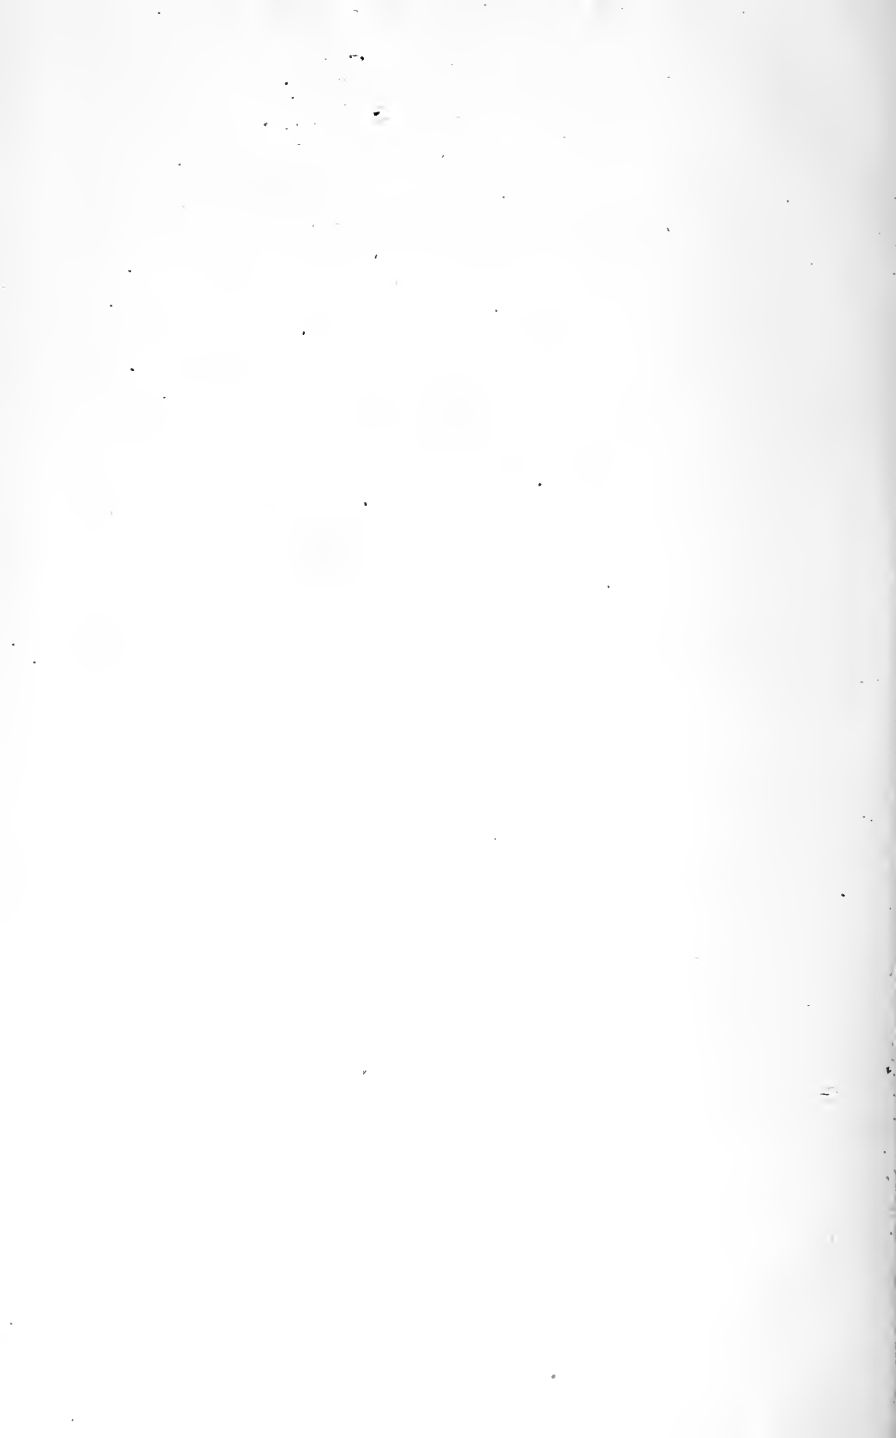

6. Alarms will be sounded upon the fire bells thus: for box 5, five strokes 1-1-1-1-1, with short intervals, and repeating. For box 32, three strokes 1-1-1, a pause, then two strokes 1-1, a pause, and repeating. Alarms for other numbers are given in a like manner.

I. P. MAGOUN, *Chief Engineer.*

EXTRACT FROM AN ORDINANCE FOR THE PROTECTION
OF THE FIRE ALARM TELEGRAPH.

SECT. 1. Any person or persons who shall wilfully deface, injure, or destroy, or in any way interfere with the Fire Alarm Telegraph in this City, or any part thereof, or any of its appurtenances, shall, for every such offence, forfeit and pay a penalty of twenty dollars for the use of the city.

SECT. 2. Any person who shall open any Alarm Box connected with the Fire Alarm Telegraph, except by the authority of, or with the keys furnished by the Board of Engineers, shall forfeit and pay therefor a penalty of twenty dollars for the offence, for the use of the city.
